Interim Results for the six months ended 30 June 2022

Primorus Investments plc (AIM: PRIM) is pleased to announce its unaudited interim results for the six months ended 30 June 2022.

Overview

The last six months have been a difficult time for the capital markets with the war in Ukraine, rising inflation and political instability. With greater uncertainties, investors are more cautious which has had a negative effect on the asset valuations for some of Primorus' investments. Despite the level of unrealised losses in the first 6 months of this year, we remain confident in the longer-term prospects of these investments.

Notwithstanding the current market turbulence, Fresho Pty Ltd ("Fresho") successfully raised AUD\$12m of new equity capital at \$0.90 per share in April 2022. This represents a premium of 55% to the last investment made by Primorus in March 2021.

Primorus also invested £1,000,000 in AIM listed Clean Power Hydrogen ("CPH2"). CPH2 is a manufacturer of the membrane-free electrolyser (MFE) which is used to create hydrogen and medical grade oxygen. Since the original investment CPH2 has secured a 20-year licensing agreement with GHFG Ltd for the construction of 2 gigawatts of MFE electrolysers over a period of up to 20 years.

In addition, Alteration Earth PLC, a special purpose acquisition company which Primorus holds approximately 28% of the issued share capital, listed on the Main Market of the London Stock Exchange shortly after the period end.

Financial Results

The operating loss for the six months to 30 June 2022 was £847,000 (30 June 2021: £115,000 loss). The net loss after tax was £847,000 (30 June 2021: £115,000 loss).

Total assets, including cash, at 30 June 2022 amounted to £8.23 million (30 June 2021: £9.17 million).

Outlook

The Board remains confident that significant opportunities exist for the Company going forward. The Board is continually seeking new investment opportunities whilst also monitoring its existing investments to determine when it is appropriate to materialise them.

The Board has screened several exciting opportunities within the period and looks forward to making further investments in the near term.

We look forward to updating shareholders as and when our existing investments mature, and new investments present themselves.

The Directors would like to take this opportunity to thank our shareholders and consultants for their continued support.

Notes to the condensed unaudited interim financial statements

1. General Information

The condensed interim financial information for the 6 months to 30 June 2022 does not constitute statutory accounts for the purposes of Section 434 of the Companies Act 2006 and has not been audited or reviewed. No statutory accounts for the period have been delivered to the Registrar of Companies.

The condensed interim financial information in respect of the year ended 31 December 2021 has been produced using extracts from the statutory accounts for that period. Consequently, this does not constitute the statutory information (as defined in section 434 of the Companies Act 2006) for the year ended 31 December 2021, which was audited. The statutory accounts for this period have been filed with the Registrar of Companies. The auditors' report was unqualified and did not contain a statement under Sections 498 (2) or 498 (3) of the Companies Act 2006.

The auditor's report was approved by the Directors on 10th June 2022 and is available on the Company's website at www.primorusinvestments.com.

2. Basis of preparation and accounting

The financial information has been prepared on the historical cost basis. The Company's business activities, together with the factors likely to affect its future development, performance and position are set out in the Chairman's Statement. This statement also includes a summary of the Company's financial position and its cash flows.

The financial statements have been prepared in accordance with the Companies Act 2006 and UK-adopted international accounting standards (UK-adopted IAS) and related interpretations. As permitted, this does not include IAS 34 "Interim Financial Reporting". This condensed set of financial statements has been prepared applying the accounting policies that were applied in the preparation of the Company's published financial statements for the year ended 31st December 2021. As these interim financial statements do not include all of the information or disclosures required in the annual financial statements they should be read in conjunction with the Company's 2021 annual financial statements.

3. Earnings per share

Earnings per ordinary share has been calculated using the weighted average number of shares in issue during the period. The weighted average number of equity shares in issue was 139,830,968. IAS 33 requires presentation of diluted EPS when a company could be called upon to issue shares that would decrease earnings per share or increase the loss per share.
